with a bonus of FIVE ACRES of land to each share are
offered to immediate subscribers at par of five dollars

This Company have acquired an exclusive grant of several million acres of land
from the Government of Mexico in the state of Tamaulipas, bordered by the state of
Texas and the Gulf of Mexico. It comprises rich agricultural, grazing and mineral
lands, immense forests of valuable timber, and opportunities for vast public enterprises
in the development and settlement of a territory almost as large as the state of Penn-
sylvania, with a good population, a healthy, moderate climate, and ample rain fall.
The land offered with the stock and for which negotiable certificates will be issued, will
prove a choice investment of itself while each share participates in the whole enter-
prise. Based on the lowest price of Government land in the United States the shares

GREAT DISCOVERY!

Dr. H. SMITH

—IS—

Now in possession of a new discovery in
medicine, which is purely a local anesthetic,
and acts almost instantaneously on the
surrounding tissues of the teeth. It is in
no way injurious or unpleasant to the
taste. The manufacturers of it claim that
its equal has never been known before, and
by applying it to the sensitive or sore
teeth, they can be cleaned and filled
without pain. So all those that want all
kinds of dental work done without pain,
would better call on Dr. H. Smith. Teeth

Albany Democrat: The Mongo-

they are allowed their freedom for

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus,
Ind., testifies: "I can recommend
Electric Bitters as the very best
remedy. Every bottle sold has
given relief in every case. One man
took six bottles, and was cured of
Rheumatism of 10 years' standing."
Abraham Hare, druggist, Bellville,
Ohio, affirms: "The best selling
medicine I have ever handled in
my 20 years' experience, is Electric
Bitters." Thousands of others have
added their testimony, so that the
verdict is unanimous, that Electric
Bitters do cure all diseases of the
Liver, Kidneys or Blood. Only a
half dollar a bottle at Dr. H. W.
Cox's Drug Store.

From Birth to the Grave.

We carry with us certain physical traits,
as we do certain mental characteristics. In
some that psychologists have striven to
designate by generic titles certain tempera-
ments—as the bilious, the nervous, the
lymphatic. The individual with a sallow
complexion is set down as bilious, often
rightly so. If the sallow in the hue of his
skin is traceable to bile in the blood, its
presence in the wrong place instead of the
liver, will also be evinced by fur on the
tongue, pain beneath the right ribs and
through the right shoulder blade, sick
headache, constipation, flatulence and in-
digestion. For the relief of this very com-
mon, but not essentially perilous com-
plaint, there is no more genial and
thorough remedy than Hostetter's Stom-
ach Bitters, which is also a beneficent
tonic and strength promoter, and a widely
esteemed remedy for and preventive of
fever, and ague, rheumatism, kidney and
bladder troubles.

A Choice Investment.

The Mexican Land and Develop-
ment Company, of No. 57 Broad-
way, New York, have acquired a
grant of public land in the state of
Tamaulipas, Mexico, covering sev-
eral million acres. It covers the
most fertile section of land on the
Continent, with a soil so rich and a
climate so perfect that three crops of
some cereals are produced in one
year. Its forests are also impassable
with the growth of rare and valuable
woods. The standing timber
alone more than warrants the capiti-
lization of the company controlling
the grant, yet in value it represents
but a fraction of the worth of the
millions of acres inexhaustible in
fertility and productiveness. A
limited amount of the Company's
stock is offered for sale at \$5 per
share. With each share is given a
certificate which entitles the holder
to five acres of land free. See ad-
vertisement elsewhere.

TELEGRAPHIC SUMMARY.

Proposed Joint Discussion.

WASHINGTON, Aug. 17.—The Star
this evening says a proposition is
under consideration by the demo-
cratic campaign managers to arrange
for a joint discussion of the tariff
question by Carlisle and Blaine in
twelve of the principal cities of the
Union, six named by Blaine and six
by the Speaker.

Too Near of Kin.

SAN FRANCISCO, Aug. 17.—The
marriage of a couple of this city is
reported six miles out on the ocean.
The groom was Joseph Bland and
the bride was his niece, a daughter
of his brother. The laws of Cali-
fornia forbade their marrying, and
when Joseph applied for license he
was refused. As a last resort a tug
was chartered and a trip made out-
side the jurisdiction of the United
States.

Treachorous Murder.

TOMBSTONE, Aug. 17.—Deputy
Sheriff Lucero, one of the men in-
strumental in the capture of two of
the Sonora train robbers two months
ago, in Whetstone mountains, near
this place, while washing his face in
a spring about two miles over the
line in Mexico on Sunday at sun-
rise, was set upon by two of the
Sonora train robbers, who shot him
twice through the head, killing him
instantly.

Successive Fatalities.

DULUTH, Aug. 17.—At Moose-lake,
near here, yesterday, Japp Cox, a
well-to-do farmer, shot and instan-
taneously killed his 14-year-old son.
The father was testing a Winchester rifle,
when it was accidentally discharged,
the bullet penetrating the boy's
head. A singular coincidence is that
exactly a year ago, at precisely the
same landing of the lake, a daugh-
ter of Cox's fell into the lake and
was drowned.

The Umpqua Herald, of Rose-
burg, edited by S. F. Flood, and
started as a prohibition campaign
paper, prior to the June election,
has made an offset to C. A. Schi-
brede's and Seth R. Hammer's re-
turn to the republican fold, by going
back to the advocacy of the demo-
cratic party.

Works Better Than Prayer.

The story the other day about the
pious little boy who tried to walk on
the water in the bathtub, recalls one
of an equally pious little girl. She
was eight years old and lived in the
country. She had started one day
rather late for school with another
little girl of her own age. On their
way they caught a glimpse of a
clock dial through an open door: it
lacked five minutes of being nine.

"Oh dear!" exclaimed the pious
little girl, "its five minutes to nine,
and we'll be late to school."

"I'm afraid we will."

"Jennie," said the pious little girl
impressively, "I'll tell you what we
must do; we'll kneel right down
here and pray that we won't be
late!"

"H'm!" said the other, "I guess
we had better skin right along and
pray as we go!"

They "skun," and got there.
